### **The company's mission**

The main principles of our company are strongly based on continuity and quality. The company has been operating since 1953 and has been a family-business ever since. The constant growth in trust is evident in our relationship towards the financial administration, corporate authorities, the chambers and the banks.

Continuity has also proven to be a major priority in dealing with our own employees. The majority of our employees has been serving the company for several decades and are therefore essential in our quality-aspirations. The second cornerstone of our company is the principle of quality. In the medium/long-term, the success of a company is decided by the quality of its counselling. Concerning this point, we are eager to ensure counselling on a very high level by means of regular quality control. The loyalty shown by our present client and the steady growth in numbers of new clients, confirms the legitimacy of our company's philosophy.

### **Trust obliges**

A smooth collaboration between an entrepreneur and the tax-advisor in charge is regarded as a driving factor for the positive development of a company. Especially when companies are being handed over or being sold, experienced tax adviser enables both parties to achieve the best possible outcome in these critical situations. Therefore a special bond of trust is required, created over the period of several years.

### **Price – performance ratio**

With the goal of ensuring a long-term mutually-beneficial cooperations, correctness and transparency concerning our performance accounting are of vital importance. Therefore the price/performance ratio is calculated in a way, our clients can easily follow and understand.

### **History**

In 1953 the company was founded by Wilhelm Lengauer in the sleepy village of Vöcklamarkt, in which still its headquarters are based. The enlargement of the company took place with simple means and under difficult circumstances. A high demand in counselling forced the owners to open subsidiaries in Nussdorf am Attersee and in Schwanenstadt, which have been operating till this day. In 1979 Wilhelm Lengauer passed away. His son Horst Lengauer overtook his role as the head of the company and did so successfully until his retirement in 1996. Since this year, the tax-advisor's company is being lead by Mag. Petra Pölzleithner and Mag. Josef Pölzleithner. The company holds 18 employees, which work in the above mentioned locations.
